HOW TO **SHOP** SMART AND SAVE MONEY?

Marilyn Monroe used to say: "Money doesn't bring happiness, only shopping does" and we agree with her 100%. Saving money with us is nice and easy. We don't need to stop shopping to save money but we shop smarter and use offers and special promotions. We want to share this attitude with our customers.

How it works:

Each Partner gets a 25% discount for the products from the catalogue.

Your shopping list	Catalogue price	Partner Price (with a discount)	You save
Perfumes	38,00 zł	28,50 zł	9,50 zł
Whites wash	24,00 zł	18,00 zł	6,00 zł
Perfumed laundry conditioner	23,00 zł	17,25 zł	5,75 zł
Total:	85,00 zł	63,75 zł	21,25 zł
Annually:			255,00 zł

That's not all. Saving money makes sense and gives you satisfaction even more when you set yourself a goal. Just think... How will you spend additional £50-£60 you save?

I'm saving money so that I can...

Thanks to Prouvé I have already put aside...

An excellent tip:

Follow us on our website and social media where you can find more about our latest offers and promotions for our Partners. This way you will save even more!

HOW TO **SELL** AND MAKE MONEY?

At the beginning we promised to do our best to make your favourite Prouvé products affordable so you can sell them and keep the profit margin to yourself.

How it works:

Show the brochure to your friend and encourage them to order Prouvé products from you.

Your shopping list	Catalogue price	Partner Price (with a discount)	Difference
Perfumes	38,00 zł	28,50 zł	9,50 zł
Perfumes	38,00 zł	28,50 zł	9,50 zł
Universal Gel	18,00 zł	13,50 zł	4,50 zł
Total:	94,00 zł	70,50 zł	23,50 zł
Annually:			282,00 zł

The difference between the Partner Price and the price for which you sell the product gives an instant profit. You can spend the money you earn this way to buy more Prouvé products for you and your family or buy something else!

I'll spend the £ I've earned on...

Excellent tip:

Remember to always take payment before you deliver your products.

How to recommend Prouvé and make money?

When you work with Prouvé you can do one thing to maximise your earnings- recommend the brand. You have probably recommended a nice restaurant or a car mechanic to your friends. Multi-level marketing is all about recommending great products and services.

👉 How does it work?

Ask your friends and customers if they would like to become Prouvé Partners and start buying and selling the products on their own. If they do, then you'll help them become Partners and you'll become their Sponsor. You start building your own Structure.

Each product is worth a specific number of points. Whenever you buy Prouvé products, your Partner Account will be credited with a specific number of points (you can check the number of points when you log in to Prouvé website).

When Partners from your Structure (the ones you have sponsored) buy products, both you and them score points. Each month the points you have gained are used to give you a certain ranking.

A certain ranking for your Structure's turnover will give you a discount or remuneration.

Remember:

the key to getting a discount or remuneration for a given calendar month is to make minimum Personal Turnover of 50 points during that month.

*Excellent tip:
sponsoring is only efficient if it triggers sales because you are credited with points from your Partner's and your own sales. Your rebate or remuneration will depend among the others on the number of points your Structure scored in a given month.*

YOUR REMUNERATION AND MONTHLY FINANCIAL REPORTS

The Prouvé Career plan consists of three parts: Prouvé Brand Partners' Club, Prouvé Brand Ambassadors 'Club and Prouvé Brand Elite Ambassadors 'Club

The value of your remuneration depends on your Structure's turnover. Your ranking in Partners' Club and ranking of the partners at the first level will determine your income. Your income in Ambassadors' Club depends on your Structure's turnover as well as Total Point Turnover.

You can access your financial report at www.prouve.com in its financial section every month where you can check your income, your Total Point Turnover and any discounts or rebates you're eligible for.

Every month starts with a new challenge. You start collecting your points from day one. That means that the following month you get a higher ranking and maybe even a new Title.

Rebate and remuneration:

Prouvé customer assistants are entitled to rebate if they meet the requirements outlined in Career Plan and Agreement. You can claim your rebate a month after it was granted. It may amount up to 90% of the value of your next order! You'll see the information about your points on our website. Remember to use your rebate by the end of January following the year it was granted.

When you choose to become an Entrepreneur with Prouvé

If you choose to run your business with Prouvé you will receive remuneration as long as you follow the requirements outlined by Career Plan and Terms and Conditions of the Agreement. You will also need to do invoicing.

*Excellent tip:
Build your Structure as wide
and as deep as possible.
Depth gives it stability
while width brings more
profit. Remember about this
balance.*

YOUR CAREER PATH

When you begin your adventure with Prouvé, buy products and get to know them, you become our Brand Partner.

If you invite a lot of people to the Prouvé Club and they become Brand Partners just like you, you can become a Prouvé Brand Ambassador. If your Structure starts achieving a few millions worth of turnover, you can be promoted to an Elite Ambassador of Prouvé.

Eligibility criteria in Partners' Club

By inviting more people to sell Prouvé, you start building your structure and automatically become its leader.

Eligibility criteria in the Prouvé Brand **AMBASSADORS' CLUB**.

It is another stage of your career at Prouvé. You qualify for it when in your Structure you have at least one Partner with a Ranking of 21% and the required Structure's Turnover. Your remuneration will be a total of the remuneration calculated in line with the rules governing the remuneration in the Partners' Club and the remuneration calculated in line with the rules specified for all the Rankings in the Ambassadors' Club for which you qualify in a given calendar month.

Calculating the REMUNERATION in the Prouvé Brand AMBASSADORS' CLUB

Partners qualified for the Ambassadors' Club distribute among themselves as much as 10% of the Total Point Turnover. Look at the table showing the detailed distribution of percentage shares for particular Rankings.

Title	Percentage share in the Total Point Turnover to be divided among all the Partners who in a given calendar month meet the eligibility criteria for the given Title.
Ambasador 1 golden ★ 	5%
Ambasador 2 golden ★ 	1,25%
Ambasador 3 golden ★ 	1,25%
Ambasador 4 golden ★ 	1,25%
Ambasador 5 golden ★ 	1,25%

Remunerations due for particular Titles in the Ambassadors' Club sum up, so as an Ambassador with 5 golden ★ you get not only the remuneration as an Ambassador with 5 golden ★, but also as an Ambassador with 1, 2, 3, and 4 golden ★.

How it works:

Imagine a cake you need to divide among your guests. But not everyone will get an equal share. The guests who brought the most ingredients required to make the cake get the biggest pieces. That's how our remuneration system works: the people who helped the most to bake the cake in a given month, get the biggest share. We follow the following formula:

$$\frac{\text{Total Point Turnover} \times \text{your Compensation Points} \times \% \text{ to be divided among people with the same Ranking}}{\text{sum of all Compensation Points of all the eligible Partners with a given Ranking}}$$

To calculate how big a piece of 'cake' you will get, we need Compensation Points.

HOW TO DOUBLE YOUR EARNINGS?

When you become an Ambassador with 5 golden ★ and succeed in maintaining this Ranking for 6 months in a row, you will be rewarded with a Second Partner Number. This privilege is reserved only for Ambassadors with the biggest dynamic of development and a stable Ranking. It will allow you to build another Group in your Structure, collect a second remuneration due for the Ambassador Ranking and, at the same time, build the balance necessary to join the Elite Ambassadors' Club. You can activate your Second Number only within the Structure you started in the place of your choice.

EFFICIENCY BONUS FOR PROUVÉ BRAND AMBASSADORS' CLUB

As soon as you become an Ambassador with 1 golden ★, you'll get a special bonus: 0.4% of the Total Point Turnover divided among all the Partners who in the given calendar month have achieved the same Ranking.

The bonus is also awarded to Ambassadors with 2 golden ★, 3 golden ★, and 4 golden ★.

$$\text{Your bonus} = \frac{\text{Total Point Turnover} \times \text{your Compensation Points} \times 0.4\%}{\text{total Virtual Points of all eligible Partners with a given Ranking}}$$

Monthly Turnover of the Structure	Your Ranking	Your Minimum Monthly Personal Turnover	Percentage share in the Total Point Turnover to be divided among all the Partners who in a given calendar month meet the eligibility criteria for the given Title

Calculating the REMUNERATION in the Prouvé Brand ELITE AMBASSADORS' CLUB

Partners qualified for the Elite Ambassadors' Club divide among themselves as much as 2.2% of the Total Point Turnover. Look at the table showing the detailed distribution of percentage shares for particular Rankings.

Elite Ambassador 1 diamond ★ 	0,6%
Elite Ambassador 2 diamond ★ 	0,6%
Elite Ambassador 3 diamond ★ 	1%

How to calculate the remuneration/rebate in the Prouvé PARTNERS' CLUB – examples

CALCULATING THE REBATE/REMUNERATION FOR A SAMPLE STRUCTURE PARTNER WITH A RANKING OF 3%

Let's assume that the Structure you created has scored 920 pts. You have 100 personal pts. The sum of your Points and your Structure's Points equals 1020 pts, which qualifies you for the 3% Ranking. Now, this is how we'll calculate your rebate/remuneration:

Person	Score	Ranking	Difference between your Ranking and the Ranking of the Partner directly beneath you in the Structure	Calculations	Total
You	100	3%	–	$100 \times 3\% = 3,00$	20,10 zł
Basia's group	100	0%	$3\% - 0\% = 3\%$	$100 \times 3\% = 3,00$	
Kinga's group	150	0%	$3\% - 0\% = 3\%$	$150 \times 3\% = 4,50$	
Tomek's group	170	0%	$3\% - 0\% = 3\%$	$170 \times 3\% = 5,10$	
Jagoda's group	350	3%	$3\% - 3\% = 0\%$	$350 \times 0\% = 0,00$	
Krzysiek's group	150	0%	$3\% - 0\% = 3\%$	$150 \times 3\% = 4,50$	

Look:

For this calendar month, your rebate/remuneration will be **20.10 PLN**. Apart from you, Jagoda has also received her first rebate/remuneration – she has earned as much as **10.50 PLN**.

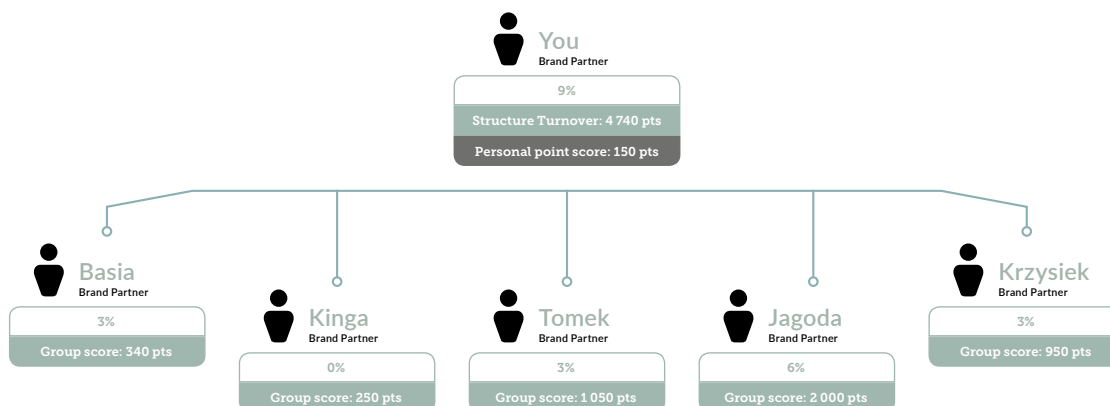

Precious advice:

You want to increase your turnover? Don't tell your Structure how you work. Show them. Don't tell them about the prfromucts. Let them try for themselves.

CALCULATING THE REBATE/REMUNERATION FOR A SAMPLE STRUCTURE PARTNER WITH A RANKING OF 9%

In the next calendar month your Structure has grown, and so has its turnover.

Together you have 4,740 pts and you have a 9% Ranking.
Look how we'll calculate your remuneration/rebate:

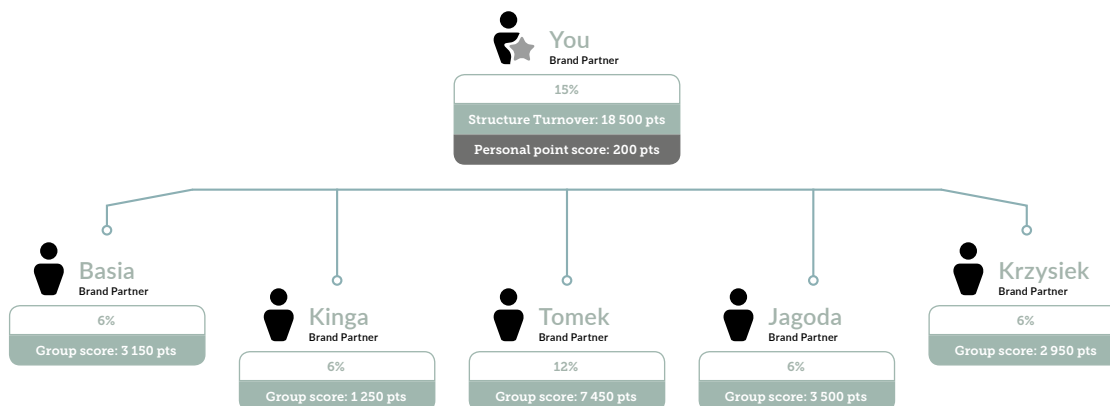

Person	Score	Ranking	Difference between your Ranking and the Ranking of the Partner directly beneath you in the Structure	Calculations	Total
You	150	9%	—	$150 \times 9\% = 13,50$	236,40 zł
Basia's group	340	3%	$9\% - 3\% = 6\%$	$340 \times 6\% = 20,40$	
Kinga's group	250	0%	$9\% - 0\% = 9\%$	$250 \times 9\% = 22,50$	
Tomek's group	1 050	3%	$9\% - 3\% = 6\%$	$1\ 050 \times 6\% = 63,00$	
Jagoda's group	2 000	6%	$9\% - 6\% = 3\%$	$2\ 000 \times 3\% = 60,00$	
Krzysiek's group	950	3%	$9\% - 3\% = 6\%$	$950 \times 6\% = 57,00$	

Look:

This month your remuneration/rebate will reach **236.40 PLN**. But, importantly, the Partners beneath you also get their remuneration and rebates!

CALCULATING THE REMUNERATION FOR A SAMPLE STRUCTURE PARTNER WITH A 15% RANKING

You become more and more involved in your work and you can see the results every month. This time, your Structure has bought products worth as much as 18,500 points.

Now we'll calculate your remuneration for the 15% Ranking.

Person	Score	Ranking	Difference between your Ranking and the Ranking of the Partner directly beneath you in the Structure	Calculations	Total
You	200	15%	—	$200 \times 15\% = 30,00$	1 230 zł

HOW TO PRONOUNCE 'PROUVÉ'?

Prouvé is a French word meaning 'proven'. It is very easy to pronounce: 'PRUVE'.

DEFINITIONS:

Compensation Points:

points from a given month resulting from the Structure Turnover and the layout (composition) of the Structure.

They include Virtual Points, Personal Points and other points specified by the rules of eligibility. The number of Compensation Points has an impact on the value of a Partner's remuneration in the Ambassadors' Club and the Elite Ambassadors' Club.

Compensation Pool:

the sum of rebates and remunerations not awarded or not paid out if the Minimum required personal turnover has not been achieved. Every time, having heard the opinion of the Council of Ambassadors, Prouvé will decide how the Compensation Pool will be allocated.

Depth:

the number defining the distance between the Sponsor and other Partners in the Structure. Each Structure can have an unlimited number of levels depth wise. It gives stability to a Structure.

Efficiency Bonus:

2.8% of the Total Point Turnover which contributes to the remuneration (rebates) for the Partners with the Ranking of 15%, 18% or 21% or the Title of Ambassador 1 golden ★, 2 golden ★, 3 golden ★ and 4 golden ★ (0.4% for all Partners with the given Ranking or Title). To be eligible for the bonus you need to achieve one of the listed Rankings or one of the indicated Titles, have the required minimum Personal Turnover, and your structure must comply with the 40/60 balance condition (required only for Rankings 15%–21%). Regardless of the Ranking or the Title achieved, you can collect only one Efficiency Bonus for the highest Ranking/ Title (bonuses for particular Rankings/Titles do not sum up).

Group:

group of Partners within a given Structure starting with a Partner at the first depth level (directly below the Sponsor).

The number of Groups defines the width of the Structure. Each Structure can have an unlimited number of Groups.

Group score:

the sum of points awarded for the prfromucts bought from Prouvé during one calendar month by all the Partners from the given Group.

Minimum monthly personal turnover:

the minimum number of points awarded to a partner by Prouvé for prfromucts bought in a given calendar month using the Partner Number; one of the prerequisites to become eligible for rebates or remuneration. If the Partner does not reach the Minimum Monthly Personal Turnover, the lost rebate or remuneration add to the Pool of Virtual Points.

Personal Turnover (Personal point score):

points awarded to a Partner for buying prfromucts from Prouvé using their Partner Number.

Ranking and Title:

name of the section described in the Career Plan to which a Partner qualifies in a given calendar month on the basis of the Structure Turnover and the layout (composition) of the Structure.

Right of Seniority:

when calculating Virtual Points, in each Group we look for the Partner with the highest Title in the given calendar month. For example: if, in one Group, there's an Ambassador with 1 golden ★ and an Ambassador with 5 golden ★, the latter is taken into account to calculate the Virtual Points, even if he or she is deeper down in the Structure than the Ambassador with a lower Title.

Sponsor:

a Partner who is indicated in the Agreement as a Sponsor (he or she invited a new Partner to work with Prouvé)

Structure:

a team of Partners who are below the Sponsor Partner.

Structure Turnover:

sum of points awarded for the Prfromucts bought from Prouvé during one calendar month by all the Partners from the given Structure (including the Sponsor). The Structure Turnover qualifies the Partner for a given Ranking/Title.

Total Point Turnover:

the sum of points awarded to all Partners during one calendar month for the prfromucts bought from Prouvé.

Virtual Points:

points awarded in a given calendar month to the Partner belonging to the Ambassadors' Club for the Groups containing at least one Ambassador (when awarding Virtual Points the Right of Seniority applies) or points awarded in a given calendar month to the Partner belonging to the Elite Ambassadors' Club for the strongest Group in the Structure.

60/40 Balance Condition:

an indicator of the correct development of the Structure where the Turnover of the Group with the highest score in a given calendar month cannot exceed 60% of the total Structure Turnover.

REBATES AND REMUNERATIONS:

Who gets a rebate, who gets a remuneration?

Recipient Partners cooperating with Prouvé are entitled only to Rebates. Customer Assistants cooperating with Prouvé are entitled only to rebates. Entrepreneurs cooperating with Prouvé are entitled only to Remuneration.

What more should I know about remunerations?

For the direct sales of Prfromucts and providing marketing services the Entrepreneur is entitled to Remuneration; detailed rules governing the entitlement to Remuneration and its value are laid down in the Career Plan. The Remuneration shall be paid within 14 days following the calendar month for which the Remuneration is due on the basis of an invoice. If the Remuneration was calculated on the basis of the score awarded for Prfromucts that were later returned to Prouvé and if the return was due to acts or omissions of the Entrepreneur, in particular to undue refusal to accept the parcel, Prouvé shall have the right to recalculate the Remuneration due to the Entrepreneur, and if the Remuneration has already been paid – to offset the amounts due to Prouvé against the payments due to the Entrepreneur from Prouvé or to request that the undue benefits be returned.

The remuneration is expressed as a net amount.

What more should I know about rebates?

A rebate is awarded by Prouvé within 14 days following the end of the calendar month for which the Rebate is

given. A rebate can be used until the end of January of the calendar year following the calendar year in which the rebate has been granted. The rebate can account for up to 90% of the next order. If the Rebate has been calculated on the basis of points awarded for Prfromucts that were returned to Prouvé, including the failure to collect the parcel containing the ordered Prfromucts, Prouvé has the right to recalculate – in line with the Career Plan – the Rebate of the Partner responsible for the breach. If, after the recalculation, it turns out that the Partner in question was awarded an undue Rebate, then such a Partner will have to return the equivalent of unduly obtained benefits. In such a case Prouvé will have the right to award negative points to the Partner in the amount equivalent to the points awarded for the Prfromucts that were returned to Prouvé.

The rebate is expressed as a gross amount.

What happens when you buy prfromucts abroad?

If the Partner buys Prouvé prfromucts from a Foreign Branch which awards Points to this Partner, such Points – but no more than 500 in one calendar month – will constitute a basis to award a Rebate or Remuneration to the Partner in line with the Career Plan. If a Foreign Branch awards in total more than 500 points during a single calendar month, it will bear sole responsibility for awarding the Rebate or paying the Remuneration due for over 500 points in one calendar month.
